CONTENTS

Vol. 84, No. 1, October 25, 1964

PAGE

Suwa, N., Takahashi, T. and **Sasaki, Y.** Histometrical Studies of Liver Cirrhosis by Mathematical Treatments of Linear Intercepts on a Small Number of Random Histological Sections 1

Maki, T., Sato, T., Yamaguchi, I. and **Saito, Y.** Autopsy Incidence of Gallstones in Japan 37

Fujiwara, T. and **Adams, F. H.** Isolation and Assay of Surface-active Phospholipid Components from Lung Extracts by Thin-layer Chromatography 46

Maebashi, M., Aida, M., Yoshinaga, K., Abe, K., Miwa, I. and **Watanabe, N.** Estimation of Circulating Renin in Normal and Toxemic Pregnancy 55

Koyanagi, T., Tanaka, M. and **Takasaki, F.** Effect of Vitamin A and Water-soluble Vitamin on the Excretion of Inorganic Sulfate and Taurine in the Urine of Children 62

Majima, S., Yoshida, K., Takahashi, T. and **Yamaguchi, I.** Remote Result of Stomach Resection in Stomach Cancer Cases with Positive Cancer Cells in Regional Blood 65

Miura, T. and **Kasai, T.** Difference in Result of the Fluorescent Antibody Staining of Dermatophytes Due to the Difference of Fixing Procedure 72

Ishikawa, Y., Tamada, S., Ariga, F. and **Soejima, S.** Clinical Significance of Successive Estimation of the Blood Catalase Activity in the Cancer Patient during Surgical and Anti-cancer Drug Therapy 81

Ebe, M., Mikami, T. and **Ito, H.** Clinical Evaluation of Electrical Responses of Retina and Visual Cortex to Photic Stimulation in Ophthalmic Diseases 92

Vol. 84, No. 2, November 25, 1964

Kuroyanagi, T., Kurisu, A., Sugiyama, H. and **Saito, M.** The ADP and ATP Levels and the Phosphorylating Activity of Erythrocytes in Patients with Uremia Associated with Chronic Renal Failure 105

Sugawara, K. An Electromyographic Study on the Motility of Canine Stomach after Transection and End-to-end Anastomosis..... 113

Fukuchi, S., Hanata, M., Takahashi, H., Demura, H. and **Torikai, T.** Renin-angiotensin and Aldosterone in Experimental Hypertension 125

Suzuki, J., Ohara, I. and **Saso, S.** Improvement of Convulsion by Operation for Kinked Internal Carotid Artery in an Infant 137

Yamane, I. and **Kusano, T.** Long-term Cultivation of Pseudo-diploid Cells of Human Tumor Origin..... 144

Sato, T., Matsushiro, T., Oikawa, T. and **Sato, H.** Further Study on β-Glucuronidase Activity of Bile in Cases with Calcium Bilirubinate Stones 154

Wada, Y. and **Watanabe, N.** Urinary Excretion of 3,4-Dihydroxymandelic Acid (Doma) in Patients with Hypertension and with Hyperthyroidism 161

Kojima, S. and **Konishi, R.** Epidemiological Studies on Regional Difference in Apoplexy Death Rate in Akita Prefecture 166

Suwa, N., Takahashi, T. and **Sasaki, Y.** Addendum and Correction: Histometrical Studies of Liver Cirrhosis 199

Vol. 84, No. 3, December 25, 1964

Maki, M., Kikuchi, I. and **Murakami, A.** Anticoagulant Activity of Digest Products of Fibrinogen by Plasmin 201

Takahashi, E. Seasonal Variation of Conception and Suicide 215

Shiratori, T., Takakura, K., Kikuchi, S., Takase, S., Kono, H. and **Sasaki, M.** An Electromyographic Study on Gastric Motility in Dog 228

Fresen, O. Investigations on the Retothelial System with Radio-isotopes 236

Yamane, I. and **Kusano, T.** Establishment of a Cell Line from Mouse Liver *in vitro* 243

Enhörning, G., Fujiwara, T. and **Adams, F.H.** Surface-active Material in Fetal Lung Fluid Concentrated by Foaming 250

Kulcsár-Gergely, J., Kulcsár, A. and **Dévényi, I.** The Protective Effect of Thyroidectomy and Ovariectomy on Experimental Liver Lesion 256

Maki, T. and **Suzuki, N.** On Mechanism of Coagulation and Solidification of Gallstone Ingredients in Bile 259

Maki, M., Kikuchi, I., Watanabe, S. and **Kikuchi, E.** A Coagulation Anomaly: Plasma Being Made Non-clottable by Adding Thrombin, and Clottable by Thromboplastin-calcium or Toluidine Blue-thrombin 274

Iwamatsu, T. Electromyographic Observation of Intestinal Movement during Intestinal Obstruction 282

Vol. 84, No. 4, January 25, 1965

Fresen, O. Pathology and Nosology of Hodgkin's Disease 299

Kitayama, T. Studies on Neonatal Disorders Induced by Drugs 310

Suzuki, H. and **Tukahara, Y.** Cerebral Circulation during Arousal Reaction of EEG 316

Sato, T. and **Saitoh, T.** A Quantitative Fractionation Method for Bilirubin in Human Bile 329

Shioji, R., Abe, S. and **Rikimaru, S.** Effects of Salt Restriction, Spironolactone, and Ammonium Chloride on Acid-base Relations in a Case of Primary Aldosteronism 339

Takahashi, S. and **Kitabatake, T.** Skin and Neck Cancer Following Radiation Therapy for Benign Diseases 349

Nagai, K. Beitrag zur Ätiologie und Pathogenese der sog. alveolären Proteinose der Lunge 360

Koga Y. A Study on Indirect Radiography (Radiophotography) 373
